

QUALITY POLICY

ENAMINE LTD conducts scientific research and provides custom services in chemical compound design and synthesis to develop new medicines. We collaborate with leading pharmaceutical and biotechnology companies, as well as research centers worldwide.

OUR MAIN OBJECTIVE

in the field of quality is to establish a robust quality management system by actively involving employees in the continuous improvement of our processes. This approach enables us to design and synthesize high-quality, competitive products while delivering services in science and technology that meet the needs and expectations of our stakeholders.

In all our activities, ENAMINE LTD adheres to the following commitments:

- 01** Cherish the Company's reputation as one of our most valuable assets; customer trust and satisfaction are our top priority.
- 02** Incorporate a process-oriented approach with a focus on risk and opportunity assessment into the planning and implementation of the Company's processes.
- 03** Manage quality continuously and consistently at all stages of research and development.
- 04** Exercise ongoing internal control of the quality of delivered outcomes.
- 05** Ensure smooth and complete transition to electronic document management.
- 06** Introduce innovative techniques and develop new methods for chemical analysis based on market trends.
- 07** Renovate and upgrade technical facilities to enhance processes and ensure high performance and timely responses.
- 08** Enhance the Company's performance through systematic personnel development. The Company seeks to attract highly qualified employees and maintains the highest standards of proficiency within our team to meet contemporary market demands.
- 09** Comply with all relevant regulations and guidelines, including customer requirements, applicable laws, orders from regulatory agencies, international standards, and internal policies.

The Quality Policy serves as a basis for setting relevant objectives at Enamine Ltd and is subject to annual revision to ensure compliance. All members of our business team, including both employees and managers, are required to follow this Policy and uphold its principles.

Top management at Enamine is committed to implementing the Quality Policy, providing resources promptly, ensuring compliance with regulations and requirements, and continually improving the Integrated Management System and requirements, and continual improvement of the Integrated Management System.

CEO of Enamine Ltd.
