Enamine Expands North American Operations

Enamine Ltd., the Kiev-based discovery chemistry contract research organization, announced the expansion of their North American operations by opening a second office outside of Princeton, New Jersey and hiring additional sales support.

Edwin J. Holland as Director of Sales will head up the US sales operation. Ed has over 15 years sales experience in custom chemistry, screening libraries and building blocks with ComGenex and Princeton BioMolecular Research.

Also joining the US team as a business development consultant is Dr. William Heilman. Bill has over 25 years of business development experience with American Cyanamid, Wyeth, Morphotek, Comgenex and Albany Molecular Research. With Enamine he will focus on custom chemistry, FTE contracts, collaborations and alliances.

Enamine LLC will cover the United States and Canada working out of their new office in central New Jersey:
